Birthday Board & Recognition at Libby:

When we visited at Libby during Ward Conference, the new presidency surprised Sister Doughty with a fun recognition for her Feb birthday. Each child was given a sticker and as the Primary sang Happy Birthday, Sister Doughty walked by and let all the children place stickers on her. What fun! Here she is shown by the monthly birthday bulletin board, which includes each child and leader with a February birthday. What a creative way to recognize birthdays!

Journey to Excellence 2016 (JTE)

To strategize for success in the coming year, your unit commissioner will need to meet with the Key 3+1: committee chair, cub master, bishopric representative over Primary, and Primary counselor. The goals in the 2016 JTE and planning for the coming year will be the focus. This could be done just before or after a committee meeting in the Spring. Please let your unit commissioner/stake primary know when would be best for you.

Soooo, What Happens At WoodBadge, Anyways?

You're going to be in an indoor corporate learning environment, and an outdoor experience environment. Emphasis is less on scout skills, and more on how to be the best leader possible, and have the best unit possible. You'll have games and competitions that make learning fun, and come home with an arsenal of new knowledge and experiences to help the youth in your unit get the most out of scouting.

Bottom Line: You'll be more effective, and have more fun doing it.

- p 10: Make an item (floral wreath crowns)
- p 12: stand for truth and righteousness
- p 14: testimony

6

Please add a "6" to the beginning of your current unit number on application and any other paperwork. The BSA council has determined that a reason paperwork has been lost is due to the similar unit numbers among other areas in the Council. So, the David Thompson District has been assigned the number 6. This is only on paperwork—unit #'s on shirts will remain the same 3 digits!
